

NK SEEDS

HALF DAY IMMERSION IN A LOCAL NGO

www.nkseeds.org

From 1:00 PM to 3:30 PM : Discover NK SEEDS

Meet the NK SEEDS team at the office at 1pm and walk to the NGO head office.

Enjoy your tea or coffee while we introduce all the team in our garden. You will listen to a **full presentation of the organization** and a talk with the teachers and volunteers.

Then we will take you for a **tour of the site**, and give you a **demonstration of our paper and plastic recycling projects**. After watching the process of plastic recycling, it will be then your turn to **make your own recycle object** and take it back home with you!

Why you should join us?

By joining NK SEEDS Tours, you directly **help the northern community of Nong Khiaw**. **All profits** from our tours go to **support NK SEEDS free education for children in northern Laos**.

Our tour is more than just observing; by coming on one of NK SEEDS tours, you will **be immersed in our team's daily work**. You'll get to see the backstage of our projects such as English education, plastic recycling and community support.
